

Respect, Believe, Achieve

# Year 1

## E-Safety

E-Safety and Digital Literacy

### What do I already know?

- I can tell you about technology that it is used at home and school like television, games console, tablet, phone
- I can operate simple equipment like a desktop computer or a tablet
- I can use a safe part of the internet to play and learn, like phonics apps on a tablet, or cbeebies games
- I can tell an adult if I see something that upsets me

### Key Words

<b>technology</b>	The ideas used to make devices (electronic objects) which help us.
<b>safety</b>	Avoid damage or harm to your body, your feelings or the objects you are using.
<b>website</b>	A page that anyone can access using the internet.
<b>username</b>	An online identification (which should not contain personal information).
<b>password</b>	A secret group of letters, numbers and symbols used to keep personal accounts safe

# Our Learning Steps

## 1. How We Use Computers

I will learn to recognise the devices we use such as phones and tablets. I will think about how they help us and how they can be fun.

## 2. E-Safety

I will find how e-safety is like real life safety. I will learn what **Lock It, Block It, Show It, Tell It** means, and how I can use it to help me. Particularly how we use **passwords** to **Lock It**.

## 3. Finding Out

I will ask questions to find out how I can make changes to stay safe online. I will learn about using appropriate videos, usernames and passwords.

## 4. Using A Computer Safely

I will learn about using a computer in a safe and respectful way to avoid damage. I will get my school password. I will learn to select passwords which are easy to remember but difficult to guess. I will learn to use the school website to access Google Classroom.

## 5. Using A Safe Website To Learn

I will use Google Classroom to access a safe website. I will use 'links' to navigate.

## 6. Assessment: What I have Learned

I can recite **Lock It, Block It, Show It, Tell it**. I can say what means. I can recognise a secure password. I may be able to give examples of things people should actually do to stay e-safe.
