Year 1
E-Safety
E-Safety and Digital Literacy

Respect, Believe, Achieve

Lock it   Block it   Show it   Tell it

What do I already know?
- I can tell you about technology that it is used at home and school like television, games console, tablet, phone   - I can use the mouse, the keyboard and touchscreens   - can use a safe part of the internet to play and learn, like phonics apps on a tablet, or cbeebies games   - I can tell an adult if I see something that upsets me

Key Words	
technology	The ideas used to make devices (electronic objects) which help us.
safety	Avoid damage or harm to your body, your feelings or the objects you are using.
website	A page that anyone can access using the internet.
username	An online identification (which should not contain personal information).
password	A secret group of letters, numbers and symbols used to keep personal accounts safe

1.   How We Use Computers

I will learn to recognise the devices we use such as phones and tablets.
I will think about how they help us and how they can be fun.

2. E-Safety

I will find how e-safety is like real life safety.

Lock it   Block it   Show it   Tell it

I will learn what *Lock It, Block It, Show It, Tell It* means, and how I can use it to help me.
Particularly how we use **passwords** to **Lock It.**

3. Finding Out

I will ask questions to find out how I can make changes to stay safe online. I will learn about using appropriate videos, usernames and passwords.

4. Using A Computer Safely

I will learn about using a computer in a safe and respectful way to avoid damage. I will get my school password.
I will learn to select passwords which are easy to remember but difficult to guess. I will learn
 to use the school website to access
Google Classroom.

5. Using A Safe Website To Learn

I will use Google Classroom to access a safe website. I will use 'links' to navigate.

6. Assessment: What I have Learned

I can recite *Lock It, Block It, Show It, Tell it*.
I can say what means.
I can recognise a secure password.
I may be able to give examples of things people should actually do to stay e-safe.
