

Respect, Believe, Achieve

Year 2

Using Computers

E-Safety and Digital Literacy

What do I already know?

- I can tell you about technology that it is used at home and school like television, games console, tablet, phone.
- I can give some of the ways that technology helps us.
- I can use links to websites to find information.
- I can use technology safely.
- I can keep my personal information private.
- I know the Lock it, Block it, Show it, Tell it rules.

Lock it

Block it

Show it

Tell it

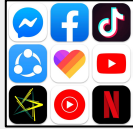

Key Words

technology	The ideas used to make devices (electronic objects) which help us.
safety	Avoiding damage or harm to your body, your feelings or the objects you are using.
website	A page that anyone can access using the internet.
username	An online identification (which should not contain personal information).
personal information	Information that can tell people about our real life.

Our Learning Steps

1. How We Use Computers

I will think about the apps we use at home and in the classroom (Roblox, video-calling, YouTube). I will learn who else can access these.

2. E-Safety

I will remember how **Lock It, Block It, Show It, Tell It**, helps us stay safe. I will learn to avoid sharing personal information online.

3. Choosing a Username

I will learn why a **username** which does not contain personal information helps us to stay safe. I will select my own username.

4. Using A Computer Safely

I will learn about using a computer in a safe and respectful way so it doesn't get damaged, and I stay safe. Use the school website to access G. Classroom access an appropriate YouTube channel.

5. Using YouTube To Learn

I will use Google Classroom to complete a task which uses YouTube. I will use a trusted list to complete a task.

6. Assessment: What I Have Learned

I can select an anonymous username for using online. I know not to share personal information when playing in open game networks. I can use trusted channels to find safe content on YouTube. I know what to do if I see something that makes me uncomfortable.
