Urgent?

Speak with teachers or support staff on the door in the morning or pop into or call the office to pass a message to the teacher. Please be aware that staff may not be available to talk at length first thing in the morning as the safety and wellbeing of the children is their first priority.

You can also email a teacher through info@oakwoodlive.net - we will forward your email on to the correct teacher. Teachers will reply within **three** working days. They will not respond to messages sent through Google Classroom or via direct email.
