Respect, Believe, Achieve

Year 3
Comic Creation
**Using IT**

Key Words	
Panel	A comic is divided into panels, which are the scenes of the story
Narration	Tells the story in words.
Stickers	These can be added to the panels to show effects, such as a bang or visual sound effect.
Scale	Change the size of an object.
Arrange	Put the objects in front or behind each other (e.g a character in front of background)
Flip	Turn an object, such as a character, to face the other way

What do I already know?

- Copy and paste text and images
- Find and replace words
- Format text for a purpose
- Edit images inside documents
- Add bullet points to make lists
- Experiment with keyboard shortcuts

Scale
Make objects bigger or smaller. Click this icon, then the object and use the slider.

Flip
Flip objects to face the other way. Click the icon then the object. Good if you want characters to face each other.

MENU HELP   ⚠ DIALOGUE PROMPTS
